

## **Activity Ideas**

[www.ExploreSaskAg.ca](http://www.ExploreSaskAg.ca)

1. **Create a Kahoot.**

Assign a different page to each student and ask them to create one kahoot question and submit to teacher. Create one classroom kahoot game using all the questions.

2. **Use the KWLS chart.**

3. **Pair and Share activity.**

4. **Write a letter from the perspective of an early Settler.**

5. **Compare crop farming in the Past to the Present.**

6. **Compare livestock farming in the Past to the Present.**

7. **In partners, research for a poster, brochure, or to share back with the rest of the class, answering specific questions or finding specific facts.**

8. **Go through different parts of the website as a class, using the projector or smartboard.**

9. **Create a 'fill in the blank' questionnaire for the section you are studying.**
